ABOUT SCHOOL

University Senior Secondary Model school is dedicated to produce academically excellent students with character, courage and discipline, who in times to come would be delightful part takers in nation building activities.

School believes in imparting knowledge, moral values and developing to nurture a system for seeking excellence and innovation through high quality education. It caters not only to educational needs of the students but also the cultural, emotional and social needs. All round development of personality through dance, drama, Art, creativity and number of other cultural activities form a part of daily routine and is an integral part of the curriculum.

Well equipped computer Lab. High teach science Laboratories, lush green lawns, adequately spacious and well maintained play grounds for athletic activities, games and sports provide congenial, healthy and educational environment, where children love to come to school rather than being forced. Inter class, inter house and inter school activities help to identify the talented students, who further get special guidance in the school itself and by the specialized persons in the University.

Academic excellence and all round development of personality are the guiding Principles that keep stimulating highly qualified staff of the school under the steward ship of a dynamic Principal and inspiring Vice-Chairman.
