Under the Scheme of
Pandit Madan Mohan Malaviya National Mission on
Teachers & Teaching
(PMMMNMTT)

DEPARTMENT OF HIGHER EDUCATION,
MINISTRY OF HUMAN RESOURCE DEVELOPMENT,
GOVERNMENT OF INDIA

Faculty Development Centre

Post independence India has seen massive expansion of education system. Public discourse around this reflects satisfaction in terms of improved 'equity in educational opportunities' but desires much to be done regarding 'quality of education. Criticality of the competencies of the teacher in ensuring qualitative education is well established. Role expectations of the faculty are wired around teaching-learning process, assessment strategies, pedagogical content and its tools for designing learning experiences. Pandit Madan Mohan Malviya National Mission on Teachers and Teaching (PMMMNTT), an initiative of MHRD, Govt. of India, is envisaged to address comprehensively all issues related to teachers, teaching, teacher preparation and professional development. Under this scheme Faculty Development Centers (FDCs) have been established to inculcate among the teachers the motivation to promote institutional effectiveness through the development of personal, instructional, **organizational and professional growth of the faculty.**

A One Week Capacity Building Program on "MOOCs and Open Educational Resources" is conceived towards the achievement of these objectives.

The Capacity Building Programme

Recent advances in the field of education are demonstrative of the lasting influence of Information and Communication Technologies. Digitization of information has strengthened pedagogical processes in terms of access and delivery of content knowledge. Provision of Open Educational Resources (OER) and Open Access (OA) has been the focus of latest Educational policies at the national level. In this direction Government of India has undertaken various initiatives like National Programme on Technology Enhanced Learning (NPTEL); National Mission on Education through Information and Communication Technology (NMEICT); Study Web of Active-Learning by Young Aspiring Minds (SWAYAM) and Massive Open Online Courses (MOOCs) etc. Capacity Building programme on MOOCs and Open Educational Resource aims to promote professional effectiveness of the faculty in Higher Education in this direction.

Objectives of the Programme

Capacity Building programme on MOOCs and Open Educational Resources aims to :

- Create awareness about Digital Initiatives of *Government of India* in Higher Education.
- Orient the faculty to use MOOC platform for effective delivery of courses in higher education in blended as well as online modes.
- Understand the process of planning, designing and implementing MOOC courses with SWAYAM MOOC requirements.
- Get acquainted with *Open Educational Resources* (OER) and their potential collaboration with traditional instructional design.
- Establish effective communication and collaboration with the students to design and manage transaction of content as well as assessment of learning using digital tools.

Target Group

Applications are invited from faculty members of Universities/ Colleges/ Institutes of Higher Education to enroll for the programme. Preference will be given to those teachers working in Universities or Colleges under Sections 2(f) and 12 B of the UGC Act, 1956.

Interested applicants may apply at the earliest on the attached application form. Please note that applicants will be invited for the course on first come-first serve basis and the maximum number of participants will be 25.

Registration

There is no registration fee for participation in the programme. Travelling allowance will be reimbursed to outstation participants as per University rules. In addition to TA, participants will also be provided boarding/lodging by the Faculty Development Centre during the Capacity Building Programme in the university guest house/ hostels as per availability
