 (Established by the State Legislature Act XII of 1956)
 ('A+' Grade, NAAC Accredited)

GOYAL PRIZES AND RAJIB GOYAL PRIZES 2018-2019

Announcement

Nominations invited
Last Date: 30 June, 2020

**KURUKSHETRA UNIVERSITY
KURUKSHETRA**

**GOYAL PRIZES
AND
RAJIB GOYAL PRIZES
2018-2019**

Announcement

Nominations are invited for the Goyal Prizes and Rajib Goyal Prizes for Young Scientists for the period 2018-2019. These prizes are instituted to honour Indian Nationals who have made a mark in research in basic and applied sciences. The Goyal Prizes are awarded in the following four disciplines.

1. Applied Sciences
2. Chemical Sciences
3. Life Sciences
4. Physical Sciences

While Goyal Prize in each discipline carries Rupees two lakh in cash along with a medal and citation, Rajib Goyal PrizecarriesRupees one lakh in cash along with a medal and citation.

In addition to the above, a Goyal Peace Prize has also been introduced in 2010 to honour a renowned person working in the area of social harmony, welfare of the downtrodden and environmental issues. Although no formal nominations are required for this prize, suggestions about the suitable persons in this regard are welcome for selection at the level of the Organizing Committee. The Goyal Peace Prize also carries Rupees two lakh in cash along with a medal and citation.

The Goyal Prizes were instituted by a philanthropist Late Mr. Ram S. Goyal, a non-resident Indian settled in the USA, to honour Indian scientists and social activists working towards the service of our country.

For various activities related to these prizes, a Trust named Goyal Foundation was established in 1991 with Prof. S.P. Singh (a close friend of Mr. Goyal) as Convener of the Advisory Board. Despite the fact that these prizes were being looked after through a Trust, the administration and faculty of Kurukshetra University worked enthusiastically towards fulfillment of the high objectives and standards befitting the spirit of the awards. Overwhelmed by the unconditional support extended over a decade and with an intention to institutionalize these prizes, Mr. Ram S. Goyal decided in the year 2000 to transfer the responsibility of managing these Prizes to Kurukshetra University by providing sufficient endowment fund. Kurukshetra University is thus the only university in India to honour the eminent scientists of the country on such a grand scale. A very transparent selection process for honouring scientists who have worked with dedication to promote excellence in their specific fields has been evolved by the University.

An Organizing Committee for Goyal Prizes, with Vice-Chancellor as its Chairman, and Prof. S.P. Singh (donor's nominee) as the Co-Chairman, looks after the entire process of selection for different prizes. Every time, the announcement for inviting nominations for these prizes is sent for wide circulation to different universities, research labs and institutes all over the country. The expert panels constituted for different discipline have been giving their fair, confidential and independent assessment for final selections at the level of the Organizing Committee.

Rules and Guidelines

1. All Indian nationals resident in India are eligible.
 2. There is no upper age limit for Goyal Prizes
 3. The nominees for the Rajib Goyal Prizes for Young Scientists should not be more than 45 years i.e. should not have been born before January 01, 1973. A certificate to this effect be submitted along with the nomination.
 4. These prizes will not ordinarily be shared.
 5. The work carried out in the preceding ten years in India will receive special attention.
 6. Nominations for these prizes may be sponsored by eminent scientists, Vice-Chancellors of the Universities, Directors of National Laboratories, and Heads of Institutions. Nominations made on the prescribed proforma and supported by relevant documents should be submitted as seven complete sets along with a soft copy. The sponsor shall also attach a write-up justifying the competitive strength of the nominee in the light of above guidelines.
 7. Based on the evaluation reports of the panel of experts in each discipline, the selections of the awardees will be finalised by the Organising Committee.
 8. The Prizes will be conferred at the Award Ceremony to be held at Kurukshetra University and the awardees shall come to receive the awards personally. In case one is not able to attend the Award Ceremony, the award will be conferred on the occasion of the next ceremony. There is no provision for meeting the travel expenses. However, the University will provide local hospitality and transport at Kurukshetra.
- Nominations in the prescribed proforma along with supporting documents (seven sets hard copies and one soft copy) should be submitted to Prof. Sanjiv Arora, Convener, Goyal Prizes, Department of Chemistry, Kurukshetra University, Kurukshetra-136119 latest by June 30, 2020. The envelope should clearly indicate the prize and discipline for which the nomination is made. In case one desires to be considered in more than one discipline, seven sets of the documents for each discipline must be sent separately.*
