ANNEXURE-III

Format for collecting feedback from **EMPLOYERS** for design and revision/review of the curriculum of the programme/degree __MSc (Statistics)_____(name of the programme/degree)   Session:____2020-2022_____

Sr. No.	Question	Your Response (Please tick one appropriate box)				
		Excellent	Very Good	Good	Average	Poor
1.	How do you rate the effectiveness of the present curriculum for employability of students?			X		
2.	How do you rate the effectiveness of curriculum for development of entrepreneurship?				X	
3.	How do you rate the contents of the present curriculum in relation to the latest trend in the subject?				X	
4.	How do you rate the depth in the contents of the curriculum?			X		
5.	How do you rate the effectiveness of current curriculum in developing skill oriented human resources?				X	
6.	How do you rate the effectiveness of the current curriculum in developing research aptitude in the students?			X		

Suggestions for further improvement of curriculum:

- A more practical approach towards involving uses cases of the statistical models and how the these are being used in current and future technologies like AI/ML in real life scenarios is required.
- It would also be good if exposure to language and tool used like Python.
- Introduction to software libraries and their usage like scikit, tensorflow libraries.
- Cover new models like ARIMA_models for Machine learning.
- More focus on Analytics, predictive models.
- Application of Programming Skills and use of Libraries as this is required in
  - Data - collection/storing/processing
  - AI/ML models
  - Data Visualization
- Introduce Tableu

ANNEXURE-III

Format for collecting feedback from **EMPLOYERS** for design and revision/review of the curriculum of the programme/degree M.Sc. Statistics (CBCS) Scheme of Examination (name of the programme/degree)   Session: _____.

Sr. No.	Question	Your Response (Please tick one appropriate box)				
		Excellent	Very Good	Good	Average	Poor
1.	How do you rate the effectiveness of the present curriculum for employability of students?		✔			
2.	How do you rate the effectiveness of curriculum for development of entrepreneurship?			✔		
3.	How do you rate the contents of the present curriculum in relation to the latest trend in the subject?		✔			
4.	How do you rate the depth in the contents of the curriculum?		✔			
5.	How do you rate the effectiveness of current curriculum in developing skill oriented human resources?		✔			
6.	How do you rate the effectiveness of the current curriculum in developing research aptitude in the students?		✔			

Suggestions for further improvement of curriculum:

- The paper ST-204 and ST-205 (Computer Fundamentals and Problem Solving Using C and practical) are more suitable in Semester I in place of ST-104 and ST-105, as the knowledge of Computer Fundamentals and Problem Solving Using C and practical will help the students to understand and practical implementation using R and SPSS in papers ST-104 and ST-105. The emerging language Python is an alternative for C as the Data science industry is mainly using R and Python.

- Sampling Theory (ST-301), survey design of some national level surveys needs to be included. This will help the students to understand use of various sampling techniques in different situations especially in Government statistical organizations.

2.	How do you rate the effectiveness of curriculum for development of entrepreneurship?			✓		
3.	How do you rate the contents of the present curriculum in relation to the latest trend in the subject?		✓			
4.	How do you rate the depth in the contents of the curriculum?		✓			
5.	How do you rate the effectiveness of current curriculum in developing skill oriented human resources?			✓		
6.	How do you rate the effectiveness of the current curriculum in developing research aptitude in the students?		✓			

Suggestions for further improvement of curriculum:

The industry has a vast array of different tools that can help in various projects pertaining to big data statistics and data analytics. Minimum knowledge of SAS VISUAL ANALYTICS and R along with advanced excel. Tableau is also a very good and widely used tool along with ZOHO ANALYTICS and SPUNK. If a candidate wishes to get into an IT/SOFTWARE firm for data statistics/analytics he should have a deep skill set in ORACLE for data warehousing, analytics(PL/SQL) and should also have good understanding of big data stats in PYTHON.
