## ANVESHAN: The Student Research Convention Phase-I

### About ANVESHAN

Introduced in 2007, Anveshan has received accolades from the academic fraternity nationwide for providing a vibrant platform to the academic research community to share innovative ideas with robust exploratory work for review by a panel of experts.

The selected research projects are given cash awards and certificates. Starting this year, the Association of Indian Universities is digitizing Anveshan to make it more transparent, rigorous and inclusive. We invite you to join Anveshan for an opportunity to get the resources and support you need to take your research ideas to the next level. To know more [Click Here](#)
