Sub: Urgent Notice regarding Security Breach and Fraudulent Messaging.

Dear Sir/ Madam,

I am writing to inform you about a critical security breach that has occurred within our communication channels. It has come to our attention that certain individuals are attempting to impersonate our Directors and Chairpersons through fraudulent messaging.

These messages are not only abusive in nature but also pose a serious risk of potential financial fraud to our recipients. Such deceptive practices undermine our organizational integrity and could harm our stakeholders.

In light of this security breach, it is imperative that we immediately inform all concerned parties and advise caution when receiving any unexpected or suspicious communications purportedly from our leadership.

19/4/24

Director, I.T. Cell
