**Viksit Bharat @2047: Challenges, Opportunities &
Development**

Department of Public Administration, Kurukshetra
University, Kurukshetra (Haryana) in Collaboration
with
New Public Administration Society of India (NEPASI)

20-21 February 2025

Concept

As we stand on the precipice of the future, the vision of a prosperous India by 2047, the 100th year of India's independence, beckons us to embark on a transformative journey. The theme of the Conference **"Viksit Bharat @2047: Challenges, Opportunities & Development"** serves as a comprehensive guide to understanding the complex landscape of India's socio-economic and political landscape and the potential pathways to achieve this ambitious goal.

India, a nation with a rich cultural heritage and diverse socio-economic fabric, has come a long way since its independence in 1947. The country has witnessed remarkable progress in various sectors, from agriculture to technology, and has emerged as one of the fastest-growing major economies globally. However, the road to achieving a truly prosperous India is fraught with numerous challenges that require our collective attention, efforts, and innovative solutions.

"Viksit Bharat @2047: Challenges, Opportunities & Development" delves deep into these challenges and opportunities, providing a holistic perspective on the key areas that need improvement and the potential avenues for growth. The book is divided into several chapters, each focusing on a specific domain, such as agriculture, education, healthcare, infrastructure, and governance, among others.

The 'Viksit Bharat 2047' agenda is a comprehensive vision plan by the Government of India, aiming to transform India into a developed nation by the year 2047, marking the 100th anniversary of its independence. India is at a turning point in its history. The 21st century will be India's century, as the country pole-vaults into the future confident of its capabilities. India has demonstrated quantum leap capabilities across areas such as Healthcare, Education, Digital Public Infrastructure etc.

Government of India launched numerous initiatives, including **"Viksit Bharat: Voice of The Youth"** and **"Amrit Kaal Vimarsh: Viksit Bharat@2047,"** with an aim to gather the suggestion and views of different stakeholders on various aspects of development, including economic growth, social

progress, environmental sustainability, and good governance. These activities have seen active participation from various universities and colleges, where students have contributed their ideas and perspectives on their roles in shaping the Viksit Bharat by 2047. Government also deliberated with various stakeholders such as NITI AAYOG, Ministry of Education and other entities and have drafted a document - **Viksit Bharat@2047 Sectoral Vision**.

To capture youth vision and ideas, All Higher Education Institutes shall deliberate on vision document and identify focus area such as Holistic, Quality & Affordable health and Wellness for All, Education and Skilling for the Future, Naari Shakti -Women-led Development, Caring and Inclusive Society, Employment and labour, Vibrant Culture and Heritage, Empowered Youth, Sports for Life and Global Excellence and thriving and Sustainable Economy etc. HEIs are also expected to contribute general and the specific suggestions on overall document. All HEIs are required to consolidate ideas of youth, subject matter experts, industry, academia and students.

To generate ideas, it's essential to organize a series of focused, micro-level workshops at the university level, which should then lead into a final and comprehensive workshop. These workshops would represent a forward-thinking approach to involve the youth in national development mission. The workshop must incorporate the perspectives of students with an aim to catalyse significant transformations in the identified sectors, aligning with the vision Viksit Bharat@2047.

Sub-themes of the conference

1. The Concept of Viksit Bharat @ 2047
2. Historical background of Viksit Bharat
3. Role of Public Administration for Viksit Bharat by 2047
